A distinctly modern take on an ancient erotic classic. The most famous sex guide in history is also one of the oldest - the Kama Sutra. Translated many times over, this historic work has at its core instruction and advice that can guide couples to dizzying depths of sexual satisfaction. Unlike many of those translations, "The Sexy Little Book of Kama Sutra" touches lightly on philosophy, focusing instead on the pure principles and techniques of ultimate gratification. This hip and helpful little guide gives readers: Clear instructions on numerous positions with sexy photographs that encourage experimentation. Enticing information on the body's pleasure hot spots and erotic ways to make the most of them. "
